

## 2019 - 2020 Upper School Academic Awards

### 2019-2020 Teacher of the Year

Johannah Hill

Mrs. Hill has taken the greatest diversity of classes and the students who previously have shown the least motivation to succeed in math and has worked wonders with them. Her incredible energy and enthusiasm are contagious, and whether you are a cross country runner, Algebra student, or passer-by in the hallway, you will always be encouraged and inspired by her. Anyone entering her room knows that the joy of the Lord truly is her strength.
