4th Grade Summer Project

Read **at least 2** chapter books of your choice (parent approved of course) each containing at least 100 pages. Be sure to take your reading level into account when selecting your books. You'll have the opportunity to take your first two AR quizzes for the 4th grade year when you return to the classroom. We will be discussing our summer reading in class, so you are welcome to take some notes on your favorite parts and bring them to class.

If you choose a graphic novel, we request you read 2 graphic novels and one novel.

Here are some 4th grade fan favorite series:

- Any of the "Wings of Fire" series
- Any of the Matt Christopher sports series
- Any of the "Box Car Children" series by Gertrude Chandler Warner
- Any of the "Hardy Boys" Franklin W. Dixon
- Any of the "American Girls" series
- Any of the "Who Was," "What Was," or "What is" nonfiction series
- Any of the Narnia series by C.S. Lewis

Some stand-alone titles are:

- "Rain Reign" by Ann M. Martin
- "Otherwise Known as Possum" by Maria D. Laso
- "The Someday Birds" by Sally J. Pla
- "Save Me a Seat" by Sarah Weeks
- "Flora and Ulysses" by Kate DiCamillo
- "The Tale of Despereaux" by Kate DiCamillo
- "The One and Only Ivan" by Katherine Applegate

Continue to practice and maintain mastery of multiplication facts 1-12. Using a workbook, such as *Spectrum 3rd Grade Math Workbook* or *Spectrum 3rd Grade Multiplication Workbook*, can be a great resource in reviewing the concepts you learned last year. Both can be found on Amazon.
