## AP U.S. Government and Politics: Summer Reading Assignment 2022-2023

### Required Reading:

- *The Bill of Rights: A User's Guide* by Linda R. Monk
  - Note: this book has a liberal bias with a leaning towards Judicial Activism. In this course it is vital to recognize where authors and individuals are coming from because everyone will have a bias and learn towards a particular agenda. The book is easy to read and understand, it covers a substantial number of key concepts and court cases required in this course, and it shows you the practical application of your constitutional rights.

Although there is no written component to this summer assignment, it is expected that you fully read the required reading and have a base understanding of the above content. For you to succeed in this course you will need to complete the above assignments before the course begins.
