

JUPITER CHRISTIAN
SCHOOL

7th grade: Honors Civics

Read the U.S. Constitution: <https://constitutionus.com>

- Although there is no written component to this summer reading assignment, it is expected that you read through the Constitution in its entirety in advance at least once. We will be utilizing this document in Honors Civics in every unit we study. Becoming familiar with this vital document over the summer is a must for students entering into this honors course. If you choose not to complete this reading assignment, then you should opt out of Honors Civics. Students who take shortcuts will struggle in this course.
